

HABTOOR GRAND BEACH RESORT & SPA

JUMEIRAH BEACH

To whom it may Concern,

Habtoor Grand have opted to use Optiled and LEME lighting products, as part of a three phase project, replacing all conventional lighting with LED. Both Optiled and LEME lighting come with a 3-5 year warranty and use CREE LED chips. The products and services provided by Laser and Electronics Middle East LLC are professional and technically outstanding when providing LED solutions.

Thanks & Regards,

Ben Bahadori 12/05/14
Director of Engineering
